

1. Respondent Information

April 28, 2022

Please complete the survey online by **Friday, May 13, 2022**.

This survey intends to collect responses from all two- and four-year Ohio public institutions of higher education regarding a proposed CTAG course in Legal Environment of Business. In this survey, we are asking respondents to indicate whether or not the Ohio Department of Education (ODE) competencies align with the post-secondary learning outcomes for the CTAG course, or Career-Technical Articulation Number (CTAN). These learning outcomes are endorsed for the TAG course OBU004, Legal Environment of Business.

The CTAN is:

Legal Environment of Business

A proposed CTAG course, also referred to as a CTAN, has been reviewed by post-secondary faculty. This proposed CTAN was found to have learning outcomes that have been endorsed for the TAG course, Legal Environment of Business. With this in mind, post-secondary faculty have developed proposed alignments between an ODE course and the CTAN in Legal Environment of Business.

In this survey, you will be asked to review the alignment between post-secondary learning outcomes and the Ohio Department of Education (ODE) secondary career field technical content standards for Legal Environment of Business CTAN.

In the alignment document, the 8 endorsed post-secondary learning outcomes are numbered 1-8, respectively.

If approved, this CTAN will enable students who successfully complete an approved secondary career-technical Legal Environment of Business course to obtain a guarantee that credit will be awarded when entering Ohio public post-secondary institutions with a comparable course. To earn credit, students will be required to successfully complete the course and successfully pass an ODE end-of-course assessment which will be developed with post-secondary faculty input and assistance in the creation of exam items.

We ask that **one representative** complete this survey on behalf of your institution as soon as possible, but no later than **Friday, May 13**. Please share this survey with the person most familiar with the content and subject matter in Business Law. Following statewide endorsement, a formal announcement will be sent out. If your institution offers a course similar to the Legal Environment of Business CTAN, the announcement will be your indication to submit your course through the CEMS (Course Equivalency Management System).

Suzanne Gradisher from The University of Akron is the lead faculty expert. She conducted the initial research and facilitated faculty panel discussions during the CTAG alignment process. Specific questions relevant to the content components of the alignment can be addressed to Suzanne (smg16@uakron.edu) with a carbon copy to Kristi Conrad (kconrad@highered.ohio.gov). Survey responses left in the form of comments will also be reviewed by the faculty members and a faculty panel.

We thank you in advance for your valuable input.
